VOL. 12 NO. 26 WEDNESDAY, JUNE 30, 1971.

15¢  
PER COPY

Averil Bradley, Shirley L'Heureux and Donna Horne are enjoying a quiet afternoon, canoeing on the Grandin Road slough. The slough could be turned into an ideal recreational spot. Perhaps a project for one of the town's service clubs?

## Health Unit to open sub-office in Barrhead

The Sturgeon Health Unit will open a sub-office at Barrhead in September. Official announcement was made last night in Barrhead by the chairman of the health unit board, Mr. Wm. Oltchis, at a barbecue hosted for the occasion by the Barrhead Chamber of Commerce. Excellent quarters in the new county office have been made available.

Local people attending the barbecue were board member for Ward 1, Mr. Jack Harold; medical officer of health for the unit, Dr. James Howell and Mrs. Howell; supervisor of nursing, Mrs. G. Law and health assistant, Mrs. S. Nickerson.

This will be the second sub-office for the Sturgeon Health Unit, the other being located at Westlock. Approval was granted by the board of health at their June 23 meeting.

The board also approved the hiring of two dental assistants during the summer, under the federal government's "Opportunities for Youth" program. And they decided against any increase in board members' remuneration, which was last adjusted in April, 1969.

A problem has been encountered in implementing some of the new regulations laid down by the province, due to a shortage of staff. The board will express its concern to the provincial board of health. Requirement for milk sampling is one of the items.

The board will request the provincial government to establish a mental health

centre in Westlock, including guidance clinic facilities. At present there are no such services available in the extensive area to the north, which stretches well

beyond Swan Hills and the board feels that the lack of a psychologist, psychiatrist, social worker and at least visiting psychiatrist, is serious.

## Perry Billingsley honored

St. Albert's Perry Billingsley has been honored by the Canadian Federation of Amateur Baseball.

He is one of 50 recipients of scrolls of merit, honoring them for their outstanding service to amateur baseball. The scrolls are being presented in conjunction with Canada's first Amateur Baseball Week, which runs until July 3.

Others receiving the scrolls include Bob O'Brien, Barrhead; Harvey Doherty, Westlock; George Kallel, Fawcett; Ron Hayter, Edmonton; Jim Lohian, who lives near St. Albert; Cece Armstrong, of Stony Plain, recreation director for the County of Parkland, etc.

The dedication of the recipients, say the scrolls, has "contributed to the advancement of this great

PERRY BILLINGSLEY

sport and to the physical and mental development of Canadian youth. Amateur sport could not long survive without this concern and support."

## Secretary-Treasurer Appointed

St. Albert protestant school district has announced the appointment of George Hargreaves to the position of secretary-treasurer. Mr. Hargreaves will assume his duties August 1. Born and educated in England, Mr. Hargreaves has wide experience in business education, accounting and commerce.

Mr. Hargreaves came to Canada in 1958 and has been connected with the East Smoky school division and the Northlands school division. Mr. and Mrs. Hargreaves make their home in Edmonton and have a son attending university and a daughter in high school.

## Separate board faced with large fee increase in Edmonton schools

St. Albert protestant school district is faced with a substantial increase in tuition fees for local students attending special classes in Edmonton public schools.

The largest increase in fees is at L. Y. Cairns where non-resident tuition fees for the 1971-72 school year have almost doubled to \$660 per student.

Elmer Gish, superintendent of schools, St. Albert protestant district, is to make representation to the department of education and request the province foot the total cost of sending students to L. Y. Cairns. At present the province and district #6 share the cost.

Students attending special classes at W. P. Wagner, McKay Avenue and special vocational classes at Vic Comp. share their tuition cost with the district on a 50-50 basis. Fees at Wagner are set at \$270 for the new term, an increase of \$120 over last year's cost.

Generally speaking the board pays in full the fees of those students whom they cannot academically provide for in the district schools. In this category are students attending special opportunity classes at Cairns and those attending schools for the retarded.

The board pays half of tuition fees for students enrolled in special programs at W. P. Wagner, McKay Avenue and some special vocational classes at Vic Composite.

In explaining the district policy Mr. D. Thomas stressed that only those students are sponsored whom the district cannot provide a program for. A student wishing to take a course not offered at Paul Kane but who could be accommodated in an al-

ternative program at the local school would not have his tuition fee paid by the district. Financial aid is limited to those who cannot be educated in the St. Albert system.

The large fee increase at Cairns is due to two factors, the first being that in early 1970 there had not been a proper opportunity to assess the costs of operating the school and these costs turned out to be greater than anticipated. It was noted in a memo from T. W. Meen, association superintendent, business administration, Edmonton public school board.

Mr. Meen said originally a pupil-teacher ratio of 10:1 was used, whereas this turned out to be 8:1. Utility costs amounted to \$60 per year per pupil, which was far higher than normal for this size of school. Vocational supplies totalled \$30,000 which was offset by only \$12,000 in customer service revenues.

Mr. Meen pointed out that the second factor is that neither the vocational nor the special class teacher grants were subject to an inflation factor this year. In the case of L. Y. Cairns students, these grants account for over one-half of the revenue.

Mr. Meen said a separate non-resident fee structure is proposed for W. P. Wagner students this year. The fee of \$270 is \$100 higher than for other high school students primarily because the facilities and programs are from a cost point of view similar in nature to a vocational high school but the students in the first year of the program qualify for support under the Foundation program as if they were junior high students.

## Lions plan Canada Day picnic

There's no need to fight traffic after a hot day on a crowded beach this July 1 Canada Day holiday!

The St. Albert Lions club invites all residents of the area to join them at the Lions Park for Canada's 104th birthday celebrations.

"Bring your friends, the kids and a picnic basket and enjoy the day meeting your neighbors," say the Lions, who have a full program of

activities planned for tomorrow afternoon, starting at one o'clock.

There will be softball, a horseshoe tournament, miniature golf and games and races for the children.

A concession booth will be in operation, there will be an ample supply of fire wood on hand and a limited number of free Canadian flags will be available to the youngsters.

## Lutheran women set \$350,000 project goal

Delegates to the 14th Biennial International Lutheran Women's Missionary League held in Louisville, Kentucky June 22-24 adopted a \$350,000 Mission project program.

Funds gathered by voluntary contribution of the 201,000 member auxiliary of the Lutheran Church - Missouri Synod will be used in six countries.

Projects selected include: \$35,000 production of religious television spot messages for children; \$40,000

to the Lutheran Association of Missionaries and Pilots in Canada; \$50,000 renovation fund for St. Stephen's Church, Chicago, Illinois; \$35,000 for student scholarships for New Guinea; \$25,000 for a chapel in Ierlem, Brazil; \$60,000 for a pre-school day care and teen centre in Honolulu, Hawaii; \$75,000 to build a church in Hong Kong, \$15,000 to produce captions for the deaf to view "This Is Life."

GEORGE HARGREAVES

# Security poses problem at SAM

Trustee Bill Penrose again brought up the matter of security at Mackenzie school at last Wednesday's school board meeting.

Mr. Penrose said he had received yet another call from an irate parent regarding theft at the school. The board was told there are only a limited number of lockers available at SAM and in some cases as many

as three students share one locker.

Mr. Penrose noted that while students take gym they have to leave their clothes in the washrooms and many have no place to keep their books.

It was suggested that lockers be bought for SAM now to be used for the 1971-72 school year and when SAM becomes an elementary

school in the fall of next year and the lockers are no longer needed there they can be moved to the new high school.

Mr. Gish was asked to report back on this matter at the next board meeting.

## OPERATIONAL YEAR

The board may have to re-examine the 1971-72 operational year. Superintendent Elmer Gish advised that there has been no official word as yet, but rumor has it that the government will move ahead the grade nine exams in 1972. Because of this the Christmas holidays may have to be adjusted.

## WORK EXPERIENCE

The board heard a report from Lorne McKinstry, head of the business education department at Paul Kane. Mr. McKinstry reported on the student work experience program which has just been completed with some 20 students from Paul Kane and St. Albert High taking part.

"The response of the business people was just wonderful and the students have really appreciated this experience," Mr. McKinstry said, adding that he plans to run a similar program again next year.

## ABSENTEEISM

The board reviewed the budget status report and trustee Jim Wiltshire expressed his concern that the substitute teacher budget is running 15 per cent over its projection. The superintendent was asked to advise all principals that no extra money will be made available in this account over the amount budgeted for.

"Teachers would therefore be well advised to try

and stay healthy," one of the trustees commented.

## REQUISITION

Trustees discussed payment of the education requisition by the town. Dr. Wm. Cuts noted that if the district is entitled to collect interest on the requisition, it should collect this. "We are responsible to our separate ratepayers," Dr. Cuts said. "By not claiming interest, if indeed interest is due, we would be subsidizing the town as a whole. We can't donate money to the town." Payment of the requisition is dependent upon the town's collecting its taxes from homeowners.

Board chairman Charles Schroeder is to meet with Mayor Ray Gibbon to further discuss this matter.

## ENROLMENT

The monthly enrolment report for May shows a total of 2,414 students attending classes in the separate schools.

In his projected district expansion report Gordon Miller said he expects an enrolment of possibly 2,540 students next September.

Bill Penrose asked if thought had ever been given to using relocatable schools. "We are building monuments that will stand for 50 - 60 years," he said. "Maybe relocatable units are the answer." Mr. Penrose stressed that such units should not be confused with the old style portables.

## MILLER RESIGNS

Gordon Miller has resigned his position as assistant to the superintendent. Mr. Miller plans to attend university at Calgary next year. The board has no immediate plans to replace him.

## IN MORINVILLE

By Rose Martel

Mr. and Mrs. Raymond McDonald left this week for an extended motor holiday to the coast, and the U.S.

Mr. and Mrs. Norman Tremblay from Fort McMurray were visitors in town last week. They were enroute to Calgary.

Mr. and Mrs. Henri Caouette from Kelowna, B.C. were recent visitors at the home of their daughter, and son-in-law, Mr. and Mrs. Albert Ouellette and family. They also visited relatives and friends in Legal, St. Albert and the district during their two week stay.

Mr. and Mrs. Gustave

St. Albert

## NOTICE OF PUBLIC HEARING

Pursuant to the Planning Act being Chapter 276 R.S.A. 1970 as amended, the Council of the Town of St. Albert proposes to pass a new zoning and building bylaw for the purpose of regulating the use and development of land within the municipality to achieve the orderly and economical development of the land.

The proposed Bylaw #23/71 may be examined between the hours of 9 a.m. to 4:30 p.m., at the office of the Development Control Officer, Town Hall, St. Albert.

The public hearing will be held in the Council Chambers on the 19th day of July 1971 at 7:35 p.m.

Written objections to the proposed bylaw will be received by the secretary-treasurer at his office until 4:30 p.m. on the 14th day of July, 1971. Objections shall be submitted in writing prior to the meeting, those which have been received before the designated time will be discussed at the meeting before further oral presentations will be recognized.

D. R. O'Connell,  
Secretary-Treasurer.

SUN LIFE  
OF CANADA

# St. Albert welcomes the Reverend and Mrs. Noel Gordon

"It's been kind of hectic," beam the Reverend Noel Gordon and his wife Dorcas. "Everything seemed to happen at once."

"Everything" for the new minister of Braeside presbyterian church and his bride includes a Bachelor of

Divinity degree from Knox College, Toronto, at last month's convocation, their marriage two weeks ago and their move to St. Albert where they arrived at the manse at 55 Gladstone Crescent last week.

"We'd never been this far

west before and came sight unseen," the personable, young minister said. "We've done quite a bit of exploring and so far we are delighted with what we have seen of the town." "And the people have been so kind," adds Dorcas. Gordon enthusiastically

asked what plans he has for the congregation, which had been without a minister for some time. Mr. Gordon said he first of all wants to get to know the people. "I want to fill the particular needs of this congregation, give the guidance required in a growing community and hopefully, with the help of my flock, so to speak, our work here will become an integral part of our lives."

Both Mr. and Mrs. Gordon love children and say they were pleasantly surprised to find so many young families in town.

Mr. Gordon received his BA from the university of Western Ontario, London, and then travelled and worked abroad for three years. During his first year in Europe he spent a good deal of time in the socialist countries, Bulgaria, Hungary, East Germany and Czechoslovakia. "The hospitality of the people there was just remarkable," he said. "They just could not do enough for you, sometimes it was downright embarrassing."

Mr. Gordon taught at a boys' secondary school at Birmingham, England, for one year after which his desire to meet people and see new places took him to the middle East.

"I arrived there three days after the war of '67 was over and worked in a kibbutz for a while." He then taught at a school for Arab children just outside Jerusalem. "The school was run by the Quakers and I lived at the girls school and taught at the boys school."

How did the war and strife affect the children? "At first they seemed dazed by it all, but after a while they became angry. Where many of the older people were afraid to act out in fear of retaliation, their shops might be closed or their cars taken away,

the youngsters had little to lose, so it was they who threw rocks at the soldiers and demonstrated."

Mr. Gordon said he was never bothered while in the Middle East. "In fact, it was not until I applied for papers to leave the area again that the authorities became aware I had been there."

Dorcas Gordon has completed two years of theological studies and would very much like to take her final year this fall in Edmonton if at all possible. "There are two ordained women in the presbyterian church in Canada at present," she said, adding that becoming an ordained minister is not necessarily her ultimate goal. "I want to work in the church and studying theology helps one

to understand people." Her late father was a minister.

The Reverend Noel Gordon was ordained at a service of recognition and ordination held at Braeside presbyterian church, June 22. His father, the Reverend R. Russell Gordon, of London, Ontario, co-officiated at the service. Others participating included eight members of the Edmonton Presbytery.

## Lutheran Women

CONTINUED FROM PAGE 1

religious television production, and \$15,000 for a Korean Lutheran mission program.

Attending the convention from this area was Shirley Lutz, 77 Sunset Blvd., St. Albert.

Along with 2,600 women from the United States and Canada, these delegates participated in "Action Groups," studying ways to involve and reach more people in Mission. Subjects covered were Human Relations, Environment, Handicapped People, Evangelism, Prayer, Bible Distribution, the Christian Identity.

Speakers challenged the women to build people, not just budgets and programs, to be able to change, to meet the needs of the people they seek to serve, to reach out to the needs of all women today. Mrs. Robert Kroenke, a missionary wife recently returned from New Guinea

related her experience that "if you want to help, you must first try to understand and begin where you are."

Dr. Theodore Raedeke, executive director of the inter-denominational evangelism program "Key 73" asked the women to "establish a goal of being used by God in leading one or more people to Christ during the coming year." The entire audience of over 2,000 came forward to make the commitment.

Nearly 2,000 Bibles were purchased at the convention as part of a special "Each One - Reach One" Bible distribution project. Delegates were asked to buy a Bible and give it away, then go home and encourage all members to do the same. They were urged to take their convention theme "Declare His Glory" home and continue it in their lives.

PASTOR D. DEUTSCHLANDER  
VISITORS ARE ALWAYS WELCOME

Guest Editorial by the Canada Committee Chairman: The Prime Minister and ten Provincial Premiers

From June 27 to July 4, 1971, Canadians in all provinces will be invited to take part in special festivities to honour Canada Week. Canada Week is a short period of time set aside to honour our country. This does not mean that the rest of the year we should be indifferent. Quite the contrary! If Canada Week were someday Canada Year, indeed if a marked feeling of national pride expressed itself on a year-round basis through efforts towards unity and brotherhood on the part of all Canadians, a special week would not be necessary. Canada Week hopes to rekindle the spirit of patriotism that seems today to have been pushed aside.

Our national holiday, July 1st, is the focal point of our celebrations. We must not forget its significance. On July 1st, 1867, Canada was born out of the union of Quebec and Ontario with New Brunswick and Nova Scotia. Within a few years the country stretched from the Atlantic to the Pacific. Created to withstand political domination from the outside and to fully develop its vast potential, this then inevitable union now enjoys one of the highest standards of living in the world.

We have now reached a point in our history where

many of us seem to take for granted all that Canada has given us. Some people express their discontent by preaching secession from or disassociation with the central government.

They fail to realize that the success of Canada today is due to its ability as a large power to overcome many of the difficulties which inhibit the growth of smaller countries. We enjoy an enviable reputation in foreign affairs. Canada is often called upon to act as arbiter in international disputes,

## ST. ALBERT STURGEON

SUN. JULY 11 - Gymkhana at Namoo - 1:30 p.m.

## Canada Week

and its peace-keeping forces have done much to pacify some of the world's trouble-spots. The Canadian Passport is more respected than that of any other country.

In short, it is thanks to a federal system of government that this country has progressed and achieved international respect.

Canada Week has a definite purpose. We want Canadians to take special notice of their homeland, of their liberty, of their cultural and linguistic diversity

and the tremendous potential ahead. No doubt, there is much room for improvement and we hope Canada Week will provide the incentive for thought about assuring that we all benefit from its advantages and from its future.

To dispel indifference and promote understanding amongst all Canadians is our goal, not only during Canada Week but all year.

## the Gazette REFLECTS

It would appear that the citizens of St. Albert will have to take a concerted line of action unprecedented in the town's history if it is their wish that the river valley within town boundaries realize its potential as our best natural asset.

"What a magnificent site!" exclaimed Bishop Tache, as he came upon the view of the river valley from the hilltop where the catholic church now stands. He was speaking to Father Lacombe in the spring of 1861, and that day decided to establish St. Albert Mission on the hill.

And so the mission and later the town grew up around the Sturgeon, and many of our residents recall that as children the river and its valley provided the biggest part of leisure time enjoyment the year round.

From the earliest encroachment of buildings along the river banks, there have been citizens come forward to object, including those who were not in favor of the locating of Father Jan and Mission Park schools.

The large influx of population, beginning in 1957, brought its problems, resulting in "new town" status for some years, when the province took control of town management, and the voice of local protest was largely silenced.

Growth continued at a rapid rate, and developers interested in St. Albert mushroomed. Apartments were raised on the river's banks and certain of our citizens expressed alarm. In February of this year a number of residents protested to town council the walk-up apartment complex at the bottom of Bishop street. This complex is presently under construction.

Following council approval of a proposal for a 28-suite apartment at Mission and Perron, letters of protest have come in and a petition against the development is being circulated, prior to the public hearing at July 5 meeting of town council.

The town can preserve our beautiful river valley for all residents by zoning and re-zoning all those portions still open as parkland, steadfastly refusing to make any exceptions. For private land owners involved the position must be "you paid your money and you took your chances." There is no other way of keeping what is left of our river valley intact.

And so the onus falls on the residents of St. Albert. A concerned minority, even a large and vocal minority, cannot be a deciding voice if the majority is silent either through apathy or because they agree with commercial development of the river valley with such concessions to open areas as are presently being granted.

The town's adult population is about 5,600, and with them the future of our river valley lies. For the elected representatives can only act on the wishes of the majority if that majority makes its wishes known.

On behalf of the St. Albert Breakfast Lions past-president John Huberdeau presents Rene Kambourff with a cheque in the amount of \$500, payable to the Arena fund.

## Letters to the Editor

### Save River Valley

The Editor:  
On July 5 town council will hold a public hearing. At that time they may rezone Lot 9, Block C, Plan 5975 KS to residential, multiple family dwellings.

We, who are concerned about the future of St. Albert, would like the Sturgeon River valley and natural tree growths preserved for our children. No better way can this be done than making the valley into a park at some future date. Let us not make the same regrettable mistake that other cities have done. They now have to spend tremendous amounts of money to buy back property. Let us also consider future nature walks and bicycle paths as Edmonton is doing or thinking of developing.

Please Messrs. Councillors -- "Do not (rezone) us down the River!"

F. Wynnyk.

## Around Town

The Lady Lions presented two of their members with going-away moments of St. Albert at the "husbands night out" barbecue last week, in the persons of Murielle Cote and Mabel Armit. Lance and Murielle are moving to Surrey, B.C., and Chick and Mabel will be taking their new home at Kelowna.

John Kaminski of the Breakdowns, would be a happy man if all those local residents who participated in the bike-a-thon would get their pledges collected and turned in to the Bank of Nova Scotia before leaving for their summer vacation. One good push by all those concerned could tidy up this project then everybody could relax with a clear conscience.

Representatives from four jurisdictions interested in the Museum Lacombe in St. Albert met last week to discuss the formation of an administrative council for the committee working on the project The Oblate Fathers, St. Albert Roman Catholic Parish the Archdiocese and the Town of St. Albert were represented and it is expected the new council will be formed by July.

Mr. and Mrs. Harold Stanley of 102 Grosvenor Blvd., are leaving Saturday for their new home in Kamloops, B.C., after nine years in St. Albert. Harold served on the volunteer fire brigade from January to May this year and Jean has played an active role in the Ladies Auxiliary to the Legion. The Stanleys have four sons, Trevor, Greg, Leslie and Gary. On Tuesday, Joanne Cockwill hosted a farewell party for Jean attended by about 30 of her friends and neighbors, who presented her with a gift.

The Editor:

An outline of events in council relating to appointments of a Police Commission for the Town of St. Albert is in order.

The act comes into force on July 1, 1971. The Police Act and regulations are not available from the Queen's Printer for at least four weeks therefore we cannot determine the qualifications, duties, or remuneration for Police Commission members. One councillor moved to table appointments until September 1, 1971 as he did not feel we should be appointing on a blind basis. When this motion failed, on

## Caveman Replies

The Editor:

In the pages of your June 23rd issue there was a letter stating I had resorted to "Caveman Tactics" at a recent council meeting.

I would suggest to the people of St. Albert that the letter is just one more play in continuing attempts to curry favor in a perpetual search and desire for political aggrandizement.

However, if, as has been alluded to, I insulted the two lady applicants for the Police Commission I most humbly apologize. It was never my intent to insult anyone.

In closing I should state I am still firmly of the opinion that an all MALE police force deserves an all MALE Police Commission, women's lib, human rights, etc., notwithstanding.

John "Caveman" deBruijn

His grade six class at Leo Nickerson school presented Ian Abraham with an engraved silver beer stein recently. Mr. Abraham is leaving the school and plans to travel extensively. He and his wife Margaret will be leaving later this summer for Canada's east coast and from there their travels will take them to Iceland and Europe.

\*\*\* \*\*

a matter of principle, he voted against all appointments. I can't fault this in any way.

It was moved one of the ladies to appoint. Another councillor stated his preference for the second lady and voted against the appointing motion, Vote 4 - 3 against. Another motion was immediately placed for appointment of the second lady. The mover of the first motion opposed. Vote 4 - 3 against.

Based on principle and freedom of choice this type of vote occurs often in any council and is a recognized democratic procedure.

## Abortions

The Editor:

When our Sturgeon Hospital was completed I looked at it with pride. This was our hospital. A place where life was to be preserved and the staff dedicated to the same cause. What a privilege to have such an establishment in our municipality. Recently we have been led to believe that there are certain groups that are trying to pressure our hospital board of directors to allow abortions. If this is true I strongly oppose it, as a taxpayer and a Christian. Abortion is murder. How can anyone have faith in his doctor, who has taken the oath to preserve life, when he does the contrary and performs an abortion. It is a frightening thought that he can play God and condemn an innocent life. Where does it end? Mercy killing? Will our hospital become crammed with these mentally disturbed people demanding abortions - leaving no room for the sick? Will our beautiful Sturgeon Hospital be known as the Sturgeon Slaughter House?

Mrs. Pat Sheehan.

"When I walk into this plant," I growled the boss, "I want to see nothing but people working! I hope everyone knows how this can be accomplished!"

"Yes, sir," replied the help. "Call before you come."

With the above in mind, the charges in a letter to the editor of the Gazette of "regressive action by council" and "the caveman attitudes of some councillors" are unfounded. Unfortunately this leads to the "tempest in a teapot" type of incident which occurred resulting in poor public relations for the Town of St. Albert, through "misleading news media releases.

Mayor R. M. Gibbon

## Councillors motives questioned

The Editor:

In your last issue there was a letter to the editor regarding council's action in rejecting applications from two women who had applied for positions on our police commission. The statements were made that council had taken a "cave man" attitude simply because the applicants were women. These statements are untrue. I voted against the applicants not because they were women, but because I wanted to re-advertise in the hopes that we would receive more than three applications.

It is rather unfortunate that all councillors cannot believe in the democratic system, as all too often when something does not go their way they must immediately run home and write a letter to the editor. This action I feel simply emphasizes their political immaturities and inadequacies.

We were all elected for one purpose, which is I see it was to serve the citizens of our town to the best of our abilities. When one doesn't have the courage to stand up for what they think is correct in council, I don't think they should abuse the privileges offered them by way of the press.

Tom White.

Sadie sez: "My Uncle Fred was old before his time, because he had a time before he was old."

## Saints split two for 5 and 5 record

St. Albert Willowbrook Saints split a pair of games last week, winning 9 - 5 over the Edmonton Cardinals before losing 14 - 7 to the visiting Leduc Oilers.

On Tuesday, Glen Winder allowed seven Cardinal hits including a home run by losing pitcher Vic Frey as he recorded the Saints win. Saints scored three runs in the fourth on four walks and a run producing single by Chester Cunningham. Winder struck out six batters while Frey fanned 11 Saints. Larry Murray was the big hitter for the Saints with two singles and a home run. Murray is batting close to 600 in league play and is the Saint's leading hitter.

In the loss against Leduc the Saints appeared to be on

their way to another win as they scored six runs in the first inning on singles by Larry Wolbeck, Herb Sewers, Henry Hodgson, Louis Martineau and Larry Murray. Leduc came back in their half of the first with two runs on a walk, error and a two run single by Gerry Porter. Both clubs scored single runs in the second inning with the Saints holding on to a 7 - 3 lead.

Leduc pitcher Harry Hodgson (no relation to the two brothers on the Saints) then shut the door on the Saints as his team-mates knocked Saints starter Fred Resler from the mound with three straight hits in the third scoring two runs and reducing the Saints lead to two runs.

Leduc scored single runs in the fourth and sixth innings to tie the game before pulling ahead with two in the seventh on some sloppy playing by the Saints infield. The eighth proved disastrous when Leduc scored five big runs and won handily. Richie Perrault was on the mound in the last five innings and one of his pitches was hit over the fence by B. Frases in the eighth for a home run. Henry Hodgson and Larry Murray had two hits each for the Saints while Gerry Porter had three safeties for the Oilers.

The Saints are now five and five in league play with the second half of the schedule just starting.

## Ladies Golf Club

The Sturgeon Valley ladies golf club announces the following winners in ladies golf action for the past week: Total score draw, Anne Frechette; Bogey hole No. 3, high: Pat Christensen; low, Tena Bannerman.

This week's total score draw - Mary Barnes. One over Par Hole 15: Gwen Cameron, Ruth Ouellet and Tena Bannerman. Bogie Hole #9 High: Nancy Bellis. Low: Jean Valner, Ruth Ouellet and Tena Bannerman.

Pick up your prizes at the Pro Shop.

## ATOM SOCCER

JUNE 17 - Falcons vs. Tigers -- Falcons won by default.

JUNE 17 - Lions 7 - Eagles 0.

Games scheduled for June 15, rained out.

## Fastball tournament to be staged here

### tournament schedule

SAT, JULY 17 - 12 p.m. Spruce Grove Eagles vs. New Sarepta; East West Travel "A" vs. Grandin Esso; Summit Engineering vs. CFB Namao; Clover Bar vs. Spruce Grove Panthers.

SAT, JULY 17 - 2:30 p.m. Windsor Bowl vs. Atlas Sports Centre; Salisbury vs. Manning Maroons; Stony Plain vs. CJD; Calahoo vs. New West Commits. Semi finals will get under way Sunday at 10 a.m.

## BIGGS PITCHES SAINTS TO VICTORY

An 11-run fourth inning led St. Albert Willowbrook Saints to a 16 - 5 win over Devon Kings Monday night in Sunburst Senior baseball play.

Wayne Biggs went the distance to pick up the win for

Saints allowing Kings 10 hits. Ken Morris, first of three Kings' pitchers, took the loss.

Larry Wolbeck had three hits for Saints while Doug Pratt had three hits for Kings.

## Tennis action hampered by wet weather

Due to the inclement weather the Binterclub team has had difficulty completing their matches. They now have played one out of four scheduled events. The team, composed of Bernice Parsons, Joan Gates, Ann Kirk, Clark Warren, Dave Almond and Fred Rudolph lost to Garneau 2 - 1. The return match will be played later this season.

The team will see action again tonight and Thursday when they go against Royal Glenora.

Two members of the St. Albert Tennis Club have been re-classified A players. They are Judy Wood and Dave Kirk. The club now has three A players; Betty Ontkean was classified A last year.

Mrs. Ontkean and Dave Kirk played in the Jasper invitational tournament recently and are at the semi final stage of the mixed. Betty also was a finalist in ladies doubles. This year marks the first time an A interclub has been organized and local players will be participating.

Beginning July 3 and continuing through July 11 the Edmonton district A and B city championships will be played at the Royal Glenora. Excellent tennis will be played and spectators are welcome.

Persons wishing information about future tournaments in Alberta or tennis in Alberta in general should contact Judy Wood, secretary of the Alberta Lawn Tennis Association.

## BON ACCORD SPORTS

GIRLS: Bantam - June 21 Bon Accord 24 - Horse Hills 10; June 24 - Bon Accord 27 - Namao 7.

PEEWEE: June 21 - Bon Accord 20 - Horse Hills 21; June 24 - Bon Accord 16 - Namao 23.

BOYS: Bantam: June 22 - Bon Accord 3 - Horse Hills 7; Pee wee - Bon Accord 18 Horse Hills 22; Mites - Bon Accord 41 - Horse Hills 16.

## St. Albert to host swim meet

On July 1, approximately 400 swimmers will converge on Grosvenor Park swimming pool to take part in the first swim meet of the season which is being hosted by the St. Albert Salifish, currently the provincial champions.

Apart from the regional and provincial finals, scheduled for the end of August, this will possibly be the biggest meet to be held this year in the province.

Teams from Stanley Park in Calgary, Camrose, Hanna, Fort Saskatchewan, Hinton, Edson and Westlock are coming and these include four of the top 10 teams who took part in the finals last year.

The top male and female swimmers from last year's provincials will be on hand to defend their reputations.

St. Albert's own Barbara McCaffrey, Ken Clarke from Hinton and Janet Droppo from Calgary. Altogether 12 provincial record holders will be swimming and St. Albertans will have a wonderful opportunity to see some of the best swimming talent there is coming Thursday.

The meet gets underway at 9 a.m. and Meet Manager, Dan MacGregor, expects it will be over at around 5 or 6 p.m. at which time the trophy will be presented to the winning team.

## C.J.D. shut out Grandin

Richard Bird allowed Grandin Tigers only one hit while striking out 13 batters as CJD Implements took an easy 18 - 0 win Monday night at St. Albert.

Larry Mitchell hit asingle in the first inning to score Joe Kosteniuk from third for the only run Bird needed. Lionel Rouault went four for five at the plate for CJD and Mike Hempel took the loss.

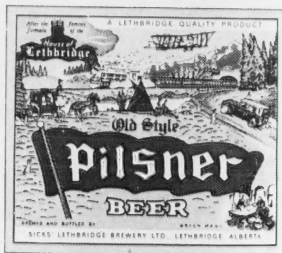

Atlas Sports Centre remained in first place in the Sturgeon Fastball League with a default win over Manning Maroons Monday night in St. Albert. Manning showed up short of players but with a few extras from Atlas a game was played with Pete Colko pitching Atlas to a 12 - 5 win. Brian Funnell hit a three run homer for Atlas.

Richard Bird of the CJD team gets set to hit against Mike Hempel of Grandin! Esso. Bird struck out 12 batters in posting an 18 - 0 shut out.

## his style

## old style

The rules have changed. So has the uniform. But his special brand of raw courage is still the same. And his special brand of beer. Lethbridge Old Style Pilsner. Still slow-brewed and naturally aged. Still full of honest-to-goodness flavour. It's his style. And your style. Tackle one tonight and see.

## Amateur Baseball Week of June 27-

Ours is an age blessed with an abundance of leisure time, but that blessing can become something of a curse if it is not met with responsibility. Additional leisure time should mean more hours to spend with our children, not more time to spend away from them.

We need not only to occupy ourselves and provide activity for our children, we need to provide activity in which we can join our children, activity in which we share a mutual interest and which we can strive for a common goal. Through such activity we can teach by example.

By not giving enough time to our youngsters, by not providing wholesome and friendly guidance during their formative years, by not showing our concern with their interests, their problems, their aspirations, have we not planted the seed for disillusionment and escapism?

If we are good parents we would not resort to the lame excuse: "I just don't have the time." Instead, we would make time for this important responsibility. It has long been recognized that keeping a boy active is the best way to insure his development in the proper direction.

Minor baseball -- which is being recognized across Canada during the week of June 27 through observance of Amateur Baseball Week -- provides one of the best opportunities for activity of this type that we have today. It brings parents and youngsters together in a program both can enjoy and which will help them build firm, lasting companionship and mutual understanding.

Minor baseball is a method of positive action to make better men of today's boys. It is not the panacea for all the problems boys face, but it is a tool, a medium whose effectiveness in the development of youth has been proven.

If we want better men to make a better world, then we have to begin where men are made -- with the boy. We salute the Canadian Federation of Amateur Baseball, the provincial baseball organizations and all those dedicated people on the local scene who give ungrudgingly of their time, ability and finances to provide opportunity for youngsters to enjoy the great game of baseball.

And, during Amateur Baseball Week in Canada, we ask readers to get involved. Let's all go out to the ball park and pull together for our boys... and maybe we'll find it easier to keep pulling together in other fields of constructive action, too.

## Mobile X-ray clinic coming to St. Albert

The mobile chest x-ray clinic will be in St. Albert approximately the second week in August.

This service is being offered to the general public for the control and detection of tuberculosis, emphysema, lung cancer, tumors and heart conditions.

An advance poll is presently being conducted by the St. Albert Breakfast and Supper Lions, the Lady Lions, the WI and the CWL.

Volunteer canvassers are urgently needed. Those able to assist are asked to contact Dick Ryley at 599-8379.

A spokesman for the Alberta Tuberculosis and Respiratory Diseases Association, who sponsor this service, said St. Albert has a high incidence of TB.

TB in its early stages can only be detected by x-ray. Early discovery means early recovery.

Residents are urged to take advantage of this free service. It usually takes less than 10 minutes to obtain a chest x-ray.

Anyone not contacted by a canvasser can register at the mobile clinic. Watch the Gazette for time and place.

The reason girls can't dress fast is because they have to slow down for the curves.

Action in the Hercules girls softball saw Hurrycanes still undefeated. The girl above hit a single into right field to help the Hurrycanes to victory.

## ST. ALBERT RECREATION HI - LITES

### SWIMMING:

The schedule for the pool from July 3 - August 29 was published in last week's Gazette. Note that the family swimming session on Sundays has been moved to the new time of 9 p.m.

As there are no lessons or school program this week, extra public swimming sessions have been added during the day.

On Thursday, July 1 there will be no public swimming till the evening because of the swim meet being hosted by the St. Albert Salifish Swim Club.

The public swimming session normally scheduled on Saturdays from 10 a.m. - 6 p.m. will begin at 1 p.m. on July 3 (for this day only). Pool time that morning will be required for the Red Cross and RLSS Instructors' Refresher clinic being held that day. Anyone wishing to renew or update their qualifications will have an opportunity of doing so. Enquiries about the clinic may be made at the pool. A nominal charge of \$2 will be made to cover the cost of materials.

The next mile swim will be held at 9 p.m. on Sunday, July 4. Please register at the pool beforehand as accommodation is limited.

### DIVING:

There has been a change in the programming of diving lessons which, from enquiries, appears to be more acceptable. In July there will be two sessions: July 5 - 16 and July 19 - 30 with lessons in the evenings from 5 - 5:30 p.m. (Beginners); 5:30 - 6 p.m. (Intermediates) and 6:15 - 6:45 p.m. (Divers with one or more stars).

The cost is \$3.25 for each session and registrations

and fees (if not already paid) will be taken at the pool July 4.

There are still a few openings left in the skin diving class which will be held from July 5 - 16 from 11 a.m. - 12 noon each day. The cost is \$3.50 and registrations and fees will be accepted at the pool till July 4.

### TENNIS:

The school programs and the lessons sponsored by the Tennis Club are now over. This means that the courts are available for public use every day, apart from the hours when the Tennis Club

is using them, i.e. 6-9 p.m. on Mondays and Wednesdays and 1:30 - 4:30 p.m. on Sundays. Anyone using the courts is reminded that only tennis or gym shoes must be worn.

In the recent Edmonton and district inter-club game St. Albert Tennis Club lost 2 - 1 to Garneau, Clark Warren and Fred Rudolph winning the only St. Albert points. Dave Almond and Bernice Parsons lost their mixed doubles and Joan Gales and Anne Kirk lost out in the women's event.

## Card of Thanks

A great big pat on the back to all the wonderful neighbors in the Sunnyside area who so kindly turned out this past weekend to fix up the Sunnyside hall. A special "thank you" to all the new residents of the area who really pitched in and helped.

Leaders of the pack are Zel McDonald, Mary Hittinger and Lois Steffes.

## As I See It

By Rose Martel

This week has been declared Canada Week by the Prime Minister, with unanimous support from the 10 provincial Premiers. On Thursday, July 1 Canadians will observe Canada Day formerly known as Dominion Day.

What program is your community sponsoring to celebrate this national holiday? What are the leaders, educators and service club executives doing in your locality to promote this day and make it one for the pioneers to be proud of. To give families an occasion to display or participate in some real Canadian event; and for the youngsters a chance to sing Canadian, dance Canadian, act Canadian and play Canadian. To become conscious of their great Canadian heritage, regardless of their ethnic background or foreign ancestry.

How can this be accomplished? By local restaurants preparing and serving real Canadian foods during the tourist season, beginning with Canada Week. By displaying Canadian scenery and historical facts on place mats and wall decorations. By using local facilities such as parks, arenas, school auditoriums or church and community halls to display Canadian Art work, be it native or modern.

Plays and pageants could be presented either indoors

or outdoors reliving Canadian history and people such as Chief Big Bear, Louis Riel, Mother Youville, Bishop McDougall and Grandin and Father Lacombe. Native festivals could be featured in your community.

The only place and time that Indian culture, which after all is real Canadian, is ever shown, is at such places as the Calgary Stampede, Indian Days at Banff, or at Hobbema's princess ball.

The Cree, as well as the Stoney, Blackfoot, and many other native tribes have many beautiful ballads, music, dances and rituals, that many citizens have never heard about. Native crafts are beautiful and useful. Bead work, hide tanning, use of wild flowers and wild Canadian fruits found in all parts of Canada help make up our native culture.

Many Canadian books have a wealth of fascinating stories about the early west. Suppose every Canadian family would invest in a true Canadian book during Canada week, and make it a family project to increase knowledge of Canadian history.

What are you, Mr. and Mrs. Canadian, going to do to promote Canada?

As a nation we Canadians have a rich country, stretching 3,000 miles from sea to sea, and from the wild splen-

dor of the arctic north to the vast golden and green plains of the south. Let us celebrate Canada Week with pride and be thankful that we can still boast to be the strong north and free. The big question is, what are we doing, as individual Canadians, to assure the future generations that Canada will stay that way for them too.

## LEGAL LOCALS

By Lucienne Montpetit

This year there will be a "Miss Fete au Village" contest, with five girls entered. The candidates will be judged on general appearance, talent, public speaking and personality. Miss Fete au Village will be chosen on Saturday, July 24 at 7:30 p.m. at the bandshell on the grounds. Candidates are Lillian Brisson, Jean Clement, Bonnie Campbell, Rita Larose and Cecile Van De Walle.

May Morrisette is the \$50 richer. She was lucky winner of the first prize on a raffle held in Beaumont recently.

Speedy recovery to Mrs. Real Auger, Arthur Leguerrier and Mr. and Mrs. Henri Casvanti who are all patients in the hospital.

The older altar boys camp will be held from July 4 to 7.

## Cardiff Column

By Florence Vranas

On Saturday, June 5 Bernadette Ricard daughter of Mr. and Mrs. Damien Ricard became the bride of William Mark Hennessy, son of Mr. and Mrs. M. Hennessy of Adelaide, South Australia.

The marriage ceremony took place at St. Joseph's Chapel, Edmonton. A supper and reception for the immediate family followed at The Golden Gate Dining Lounge. Attendants for the couple were Elaine Ricard, sister of the bride and Bruce Mollison, best man.

After spending their honeymoon in Banff the couple will reside in British Columbia.

Recent patients at Sturgeon General hospital were Theresa White, Edna Lavallee, Janette Clark, Marlene Kleser, Caroline Rock-Mona Kleser.

# Frontier Daze — Success

More than 5,000 people visited Morinville's Frontier Daze on the weekend of June 19 and 20, making the annual event a swinging success.

A crowd estimated by Frontier Daze officials at 1,500 lined the streets Saturday morning as the hour long parade, with Gordon Taylor as marshal, kicked off the town's tribute to its founders.

Many people were in the streets hours earlier dressed in pioneer clothes and enjoying the free breakfast. Barbara Hittinger was

chosen Queen of Frontier Daze. Runner up was Camille Remillard.

The Royal Bank entry was awarded first prize in the parade, followed by Legal's Fete au Village float and Lil's Beautyette.

Rene Beland, Robert Beheils and Linda Beausepierre were winners in the bicycle parade.

Fashion parade winners included Mr. and Mrs. Victor, Mrs. M. Hittinger, Mrs. F. Brennels, Armand Chalfoux, Kimberly Ancill, Lisa and Vivian Houle, Jackie and Louise Chalfoux,

Mr. and Mrs. Ernest Larsen and Mr. and Mrs. Paul Vervynk.

Leon St. Martin of Legal and Ray Gibbon of St. Albert came out on top in the Mayor's Shoot-off.

The demolition race was won by Howard Kleser. Christine Vranas and Lee Perrault won the powder puff. The horseshoe tournament was won by Art Lalonde.

Darren Poutouner won the draw for the pony and in softball action Taylor's Tigers defeated the Morinville team 9 - 6.

## AROUND STURGEON

The annual Riviere Qui Barre family picnic has been scheduled for Sunday, Aug. 22, with all sorts of activities planned for every age group. There will be a ball tournament and another one for the horseshoe buffs, bingo games and children's races. The bandshell will have music and variety en-

tertainment going, and of course a major part of a picnic is the food! Hot dogs, hamburgers, cold drinks and coffee will be on the garden the afternoon and a cold plate supper will be served in the evening. Angus McDonnell and Joyce Stevens are in charge of arrangements.

## Botanic Garden invites visitors

The U of A botanic garden and field laboratory at Devon is open to visitors every Saturday from 1 - 7 p.m. as well as every first Sunday of the month until September.

The 80 acre garden was established 10 years ago and is located six miles west on highway 16 and nine miles south on highway 60 on the east side of the highway. Horticulturists will be amazed at the range and types of plants that can be grown in this region.

There is a wide variety of plants from western Europe, Asia, the Himalayan mountains and Siberia, including blue Himalayan poppies, Siberian Iris, European primula and rhododendrons. There are even a few plants from New Zealand and South America which are hardy in this region.

The garden gets its specimens through a seed exchange in which 350 botanic gardens from throughout the world participate.

Of interest to local green

thumbs is the "Friends of the Botanic Garden," a fund raising organization which has just been formed.

Membership is open to all persons interested in gardening and members will be able to attend informative lectures to be held on campus during the winter months. Special member days will be held at the garden and members can obtain advisory service from the staff. Seed from rare plants will be issued to members.

The director of the garden, Patrick Seymour, would be pleased to hear from Gazette readers who are interested in joining the "Friends of the Botanic Garden" or club representatives who wish to book him for speaking engagements during the winter months.

Letters should be addressed to Patrick Seymour, Department of Botany, University of Alberta, Edmonton. The office phone number is 432-3248. Mr. Seymour said if he is home he will even accept calls there. The number is 439-6773.

## Namao 4-H Beef Club News

By Tom Bowman

The regular monthly meeting of the Namao 4H Beef Club was held at the home of Don and Laurel Sweetnam on June 7. Ten members answered the Roll Call with "Describe your 4H Club."

The junior leaders of the club gave a grooming and showmanship demonstration. The new members showed a great deal of interest in this part of the meeting.

With Achievement Day drawing closer, the stall display was discussed. The boys of the club plan to go up north soon to cut some rails for the display.

An example of the co-operation shown by different clubs in this area to assist Namao Beef Club with their banner is the following: Mrs. Bob Burns - wife of the

leader of the Double Diamond 4H Multiple Club of Busby - kindly painted four steer heads for the Namao banner. Melvin Clark leader of the Sturgeon Valley Dairy Club cut out the letters for this banner and Merrilyn Robertson is sewing the banner.

## Newcomers

We welcome the following to St. Albert:

Mr. and Mrs. K. Bertland and family; Mr. and Mrs. D. McCord and family; Mr. and Mrs. B. Stala and family; Mrs. V. Kubermus and family of Grandin Park.

Mr. and Mrs. B. Payne and family of Sturgeon Heights and Mr. and Mrs. Van Leeuwen and family of Mission Park.

For a man, home cooking is one of the big advantages of being married - provided of course, that he is willing to learn.

## There's nothing like practical business experience

to show it to you like it is

## apply for a student business loan

Just talking about getting practical business experience is easy. It's actually going out and getting it that's hard. It can take cold, hard cash. And that's where we come in.

Our Student Business Enterprise Loans program is designed to provide loans to Alberta students for the creation, expansion or operation of student businesses this summer.

Loans are available from a \$200,000 fund, at 8 percent interest, to qualifying students enrolled on a full-time basis at Alberta universities, colleges and high schools. The loans are to be used only for small capital purchases or operating capital, with most loans to be retired by September 15th, 1971.

Full details as to eligibility and application procedures may be obtained from:

Canada Manpower Offices,  
University Student Placement Offices,  
or The Alberta Commercial Corporation

1810 Centennial Building,  
10015 - 103 Avenue,  
Edmonton, Alberta.

or 905 J. J. Bowlen Building,  
620 - 7th Avenue S.W.  
Calgary, Alberta

or by writing direct to the:  
Chairman, SBE Committee,  
26th Floor, CN Tower,  
Edmonton, Alberta.

Completed applications should be forwarded to the chairman.

GOVERNMENT OF  
**Alberta**

MR. & MRS. ROBERT LEE

## Bon Accord Activities

By Sadie Allen  
Friends gathered at the home of May and Irwin Strawn on June 26 to help them celebrate their silver wedding anniversary.

Northern play-offs for the bantam girls football take place on July 11 at Bon Accord, with local girls playing Hollywood from Edmonton. Three games will be played if necessary, with the best two out of three being the winner. Game times are 11, 2:30, and 5. How about turning out and giving the girls your support?

A horse show and gymnastics will be held on July 17 in conjunction with the Sr. men's baseball tournament. Starting time 10:30 a.m. Five events will be featured - halter class, saddle class, novelty costume, gymnastics and novelty races. Entry forms may be obtained from the Village Superette, the Bon Accord Hotel, the school or Gladys Abramshi. It promises an added

attraction to the ball tournament.

Bantam girls copped first money at the Josephburg football tourney on June 19, winning over Fort Saskatchewan, Middagh and Wye teams.

On June 27 the girls won both games in a double-header against the Atholene community league team, game played at Bon Accord.

The executive committee of the Cubs and Scouts met in the community centre on June 24 to wind up activities until September when things will get under way again.

Thirteen clubs and parents attended the Cub-o-ree at Fort Saskatchewan on June 20.

A TB X-ray Clinic will be held in Bon Accord the first of August. A volunteer registrar will be calling on householders. This is your chance to find out just how healthy that old chest is.

# Robert Lee marries Anita Cruz at St. Joseph's

Anita Cruz, daughter of Mr. and Mrs. Pedro Cruz of Bulacan Philippines and Robert Lee son of Mr. and Mrs. Lee Kyin Yuh of Mandalay, Burma, were married in a double-ring ceremony at St. Joseph's Cathedral in Edmonton, June 5. The Reverend Father McNeill officiated.

The bride was elegant in a gown of white canton silk with a V neckline, cut out floral embroidery and decorated with beads and sequins. Each flower design was edged with pearls. Her train was three and a half yards long and it too, was beautifully decorated. The shoulder length veil was of fine nylon tulle and held in place by a flower tiara. She carried a bouquet of white carnations.

The bride's wedding ensemble was a work of love by the bride's family. The embroidery on the gown and train were designed by the bride's youngest sister yet and made by another sister Doris and exquisitely decorated by their mother.

Attending the bride was her sister Connie, (her only relative in Canada). She wore a light pink pant suit of canton silk with cut-out floral embroidery which she had designed herself. In her hair she wore sprigs of Lilly of the Valley, her bouquet was a nosegay of red roses.

The best man was Mr. Ko Nge.

The bride's sponsors were Mr. and Mrs. Joseph Nault of Leduc; the groom's sponsors were Dr. and Mrs.

Douglas Craig of Edmonton. Ivy Ross Alter, soloist, sang hymns during the ceremony.

Before the Offertory, Louise Coulombe placed a basket of bread and fresh fruit at the foot of the altar - this is a new trend in nuptial ceremonies - remembering the poor.

Raymond Tremblay read the Epistle and prayer of the Faithful.

After the nuptial mass a reception was held at the Hong Kong Restaurant. Herve St. Onge, chairman of the Legal School Board

was master of ceremonies. He brought greetings and best wishes on behalf of the school board and pupils of Legal school.

Dixon Keane, principal, proposed a toast to the bride. Mr. Ko Nge, best man, proposed a toast to the bridesmaid.

The bride has been teaching on the Legal staff for four years - specializing in mathematics and science.

The groom is attending U of A in the department of entomology. The newlyweds are making their home in Edmonton.

The Town of Morinville has for sale approximately 50 acres of choice Alfalfa and Bromo Hay. On Southwest quarter, Section 3, Range 56, W4.

Bids will be received up to 5 p.m., July 13, 1971. All replies to be sent - c/o Paul Brochu, Secretary, Town of Morinville.

## Sturgeon 4-H Council News

By Tom Bowman

A meeting of the Sturgeon 4-H council was held in the Municipal Building at Morinville on June 16. Debbie Rye and Wendy Bowman lead the pledge to open the meeting.

Clubs represented were: Yarnoo Beef Club, Yarnoo Clothing Club, Sturgeon Valley Dairy Club, Villeneuve Clothing Club, Villeneuve Beef Club, Alcomdale Clothing Club, Riviere Qui Barre Beef Club, Gibbons Garden Club, Gibbons Light Horse Club and Bon Accord Beef Club.

Part of the discussion for the evening was a summer rally. The Sturgeon area is to host a young lad from Quebec and it was decided to hold the summer rally while he is a guest in this area. It was decided that the summer rally be held at Villeneuve on July 13 at 6:30 p.m.

Mrs. Whilton will be the lunch convener for the rally and Mrs. Borie will be in charge of entertainment and recreation. It is hoped to have a wiener roast, baseball games and teen dance. All 4-H members in the Sturgeon area are urged to attend.

Keith Langille - representative from the department of youth, on summer staff, offered his services to assist with the rally. A discussion took place

on the Kiwanis exchange trip between the Edmonton area and the Ottawa region.

Uncles at Large, an Edmonton organization are having a parade on July 1st and are looking for a 4-H representative. The club suggested Audrey Gibson participate in the parade. Rick Andrews from the department of youth attended the meeting.

### SUNDAY SCHOOL

The June meeting was held at the home of Bev Hood. The tea and plant sale held May 22 was most successful. Our thanks to all who attended.

We are pleased to welcome Mrs. L. Grant as a new member.

The Sunday school picnic was held June 20. The ladies will be working at one of the booths for Gibbons annual Sports Day, July 1.

This successful Cochrane dairy farmer tells why

## "ELECTRICITY IS BOOSTING MY PROFITS"

Mr. Jack Hawkwood has a dairy farm at Cochrane. He's President of the Calgary Fluid Milk Producers' Association, a Director of C.C.A., Provincial Milk Producers, and Dairy Food Service Bureau. And he knows what today's farmers are facing.

"Economy. That's the big thing today. You can't run a pint-sized operation and make it go. Expenses are too high — labour costs too much. I use electricity — and keep my expenses down while expanding my operation. Increasing the size of my herd gave me a bigger profit margin — but I didn't have to pay extra labour costs — electricity reduces those costs. I can keep the herd healthy and maintain the highest standard of cleanliness with the help of electrical equipment. Yes, I use a lot of power — couldn't afford not to! I think that it's one of the best bargains available."

See how you can Farm Better Electrically — write or call your local Calgary Power representative and ask for our brochure "Electric Power and Dairy Farming."

**CALGARY POWER**

# Our Half Acre

A PAGE DESIGNED TO INFORM FARM READERS ON CURRENT AGRICULTURAL NEWS AND EVENTS AND TO SERVE AS A FORUM FOR EXPRESSION OF FARMERS' OPINIONS

## Alberta Women's Week to feature varied programs

The concerns of women today will be a topic of major interest at Fairview College, July 12 - 15, and at Olds, August 2 - 5 during Alberta Women's Week.

The Cultural Development Branch will be conducting workshops in weaving, block printing, tie and dye, and ceramics.

Other programs will feature speakers and panels discussing the Status of Women Commission; laws concerning women regarding child care; equal pay; the conflict of the working woman; the changing roles and life-styles of women as well

as the social implications of these changes; consumer spending, etc.

A session on Interpersonal Communication "Sending and Receiving" will be conducted. This session is limited to 32 people on a pre-registration basis.

The relevance of education will be the topic of a panel "Education for Today's Living." This will deal with youth education; the increasing number of disturbed youth; heavy drug use and teen-age marriages followed by divorce; pre-school education; etc.

"Education for Today's Living" promises to stimulate much discussion. For more information, a program or application form, contact your District Home Economist, Box 510, Morinville.

## Crop insurance

Farmers who are contemplating in buying insurance with regards to their crops are reminded that this should be accomplished as soon as possible. Information on insurance can be obtained from the district agriculturist's office.

## Suggests ways of improving quality of dugout water

-Issued by the District Agriculturist's office.

Keeping a dugout free of algae, weeds and leaves will improve its taste, eliminate odor and prevent soil from dissolving in the water.

Algae are microscopic plants which give the water a greenish tinge when only a few are present. A heavy growth causes scum to form and increases the corrosiveness and toxicity of the water. A bluish tinge to the water indicates a highly poisonous algae variety, and the water should not be used until it has been treated and the bluish color has disappeared.

Decaying algae, weeds and leaves increase water acidity which causes soil iron to dissolve in the water. Also, various species of iron

bacteria will grow in the water. These may damage plumbing fixtures and other metal. A brown slime in pipes and other fixtures is an indication that this organism is present.

Wes Glenn, agricultural extension engineer with the Alberta department of agriculture, recommends an algicide such as copper sulphate or CMU (chlorophenyl Dimethylurea) for controlling algae. One pound of copper sulphate should be used for each 100,000 gallons of water. A standard dugout (165 feet long x 65 feet wide by 12 feet deep) holds about 440,000 gallons of water and would require 4 1/2 pounds of copper sulphate. The first application should be done immediately after spring seeding and should

be followed by two or more treatments during the summer as required. In the case of CMU, one spring treatment is necessary. The recommended rate is two pounds per 100,000 gallons of water or nine pounds for a standard sized dugout as mentioned above.

Either algicide can be dissolved in several gallons of water and sprayed evenly over the surface of the water. The equipment should be well cleaned afterwards to prevent corrosion. Copper sulphate can also be used in powder form. The best way to apply the powder is to put it in a cloth bag (not burlap) and attach two 100 foot cords to the bag. Then get somebody to stand on the opposite side of the dugout and pull the bag back and forth across the entire water surface. Complete coverage of the surface is necessary because copper sulphate will not spread through the water by itself.

If there are other aquatic weeds in the dugout, with or without algae, Mr. Glenn recommends using an app-

proved herbicide such as diquat (Reglone "A") instead of copper sulphate. The rate suggested for a standard sized dugout is half a gallon. Instructions for application are on the container. If the water is turbid, treat it with aluminum sulphate before using the herbicide.

Staining of clothes and fixtures may be caused by algae, iron, bacteria or manganese. If only a small amount of iron is present, a chlorinator and activated carbon filter will reduce this problem, Mr. Glenn says.

Hard water is caused by dissolved minerals like calcium and magnesium. Keeping the dugout free of weeds and any other refuse will help to reduce hardness and a water softener can be used to remove it. The softener is installed to treat the water after it has passed through the carbon filter. For detailed information on water softening see your district agriculturist and ask for the publication "Treatment of Farm Water Supply."

## Home Ec. courses offered this summer

In response to numerous requests, home economics high school courses will be offered at the Olds, Vermilion and Fairview colleges during July and August.

These courses are designed for students who do not have home economics facilities in their schools or who cannot fit home economics classes into their regular high school timetable. The curriculum will be the same as in a regular high school and students can apply for credits.

Entrance requirement - 15 years of age and grade IX diploma. Tuition fee will be \$15; materials and supplies extra. Room and Board will be \$50 for three weeks. Accommodation is available in modern college residences. The following courses are available on the dates specified.

### Grain inspection

Warm weather means greater activity in insect infestations.

Regular inspection of grain inventories is recommended. If insects and/or fungi are found after careful inspection, they should be positively identified for control purposes. If problems arise, then contact Wally Klatt, district agriculturist, at Morinville.

Vermilion College - Home Ec. 10 - July 12 - July 30, Fairview College - Fabric and Dress 10 - July 19 - August 13.

Olds College - Fabric and Dress 10 - August 2 - August 20.

For further information and an application form apply to the Registrar of the Olds, Vermilion or Fairview College, or to the District Home Economist, Morinville.

## Legislature revises Farm implement Act

The Farm Implement Act was revised recently by the Alberta Legislature to make its implementation more effective.

Under the revised act an implement dealer must now provide a suitable substitute implement, within a reasonable time, to a purchaser who is not satisfied with the one he bought. The purchaser is entitled to use the substitute implement until his own can be made to perform satisfactorily. If satisfactory performance is not possible, the purchaser may then request the dealer to terminate the sale agreement and return any equity the purchaser may have in the equipment.

The revised act also provides for the licensing and bonding of farm machinery dealers. This amendment is designed to give farmers some assurance of the financial responsibility of such dealers. Financial responsibility is important in the event of a dispute involving the return of an unsatisfactory piece of equipment.

While details of the licensing requirements have not yet been worked out, it is expected that regulations will be drawn up that will provide for certain minimum standards of service on the part of dealers.

Another amendment states that a farm equipment supplier must, upon the termination of a vendor-buyer agreement, buy back from the dealer all unused equipment and parts. This provision should stabilize implement dealerships and thereby, provide better service to the public. It is retroactive to October 1, 1970.

A further clause in the act requires implement dealers to state on their sale agreement slips the serial number (when there is one) of the equipment being sold. This amendment is in-

tended to protect both the dealer and the farmer in the event of a subsequent complaint.

Finally, every sale agreement must now be recorded in writing. The details of the sale can then be confirmed if a controversy should arise at a later date.

The original Farm Implement Act was passed in 1967 to compel dealers to provide a minimum standard of service for the implements they sold, and to ensure that they supply repair parts for the equipment within a reasonable time, as well as for a period of at least 10 years after the date of manufacture.

The original act also made it mandatory for every piece of new farm equipment to have a warranty and required the manufacturers to honor the warranty.

## M.D. Sturgeon offers bursaries

The Municipal District of Sturgeon are making two bursaries of \$300 each available to students who wish to attend an Agricultural and Vocational College in Alberta.

In order to qualify for the bursary, the student is required to supply a copy of his marks from the last year of high school attendance and a letter of acceptance at the Agricultural College.

If more than two applications are received the selection is made by the district agriculturist and the agricultural fieldman on the

grounds of scholastic standing, financial need and social and community activities.

The bursary will be made payable to the principal of the college and will be used for books first and board and room second. Should the student leave the college prior to the monies being expended the balance would be returned to the M.D. of Sturgeon.

Any students (boys or girls) who are planning to attend an Agricultural College this fall may get bursary application forms from the fieldman at the municipal office in Morinville.

# Candidates for Mlle. Fete au Village

LILLIAN BRISSON

JEAN CLEMENT

RITA LAROSE

BONNIE CAMPBELL

Lillian is 15 years old and a grade 11 student at Legal. She is interested in music and has taken piano lessons for five years. She also enjoys baseball and volleyball. When she finishes school, she would like to become a social worker or a stewardess and travel to other countries.

Jean is a student at Legal and is 16 years old. Her favorite hobby is riding and training horses. She also likes to read and participate in gymnastics. She plans to take a business course at NAIT when she finishes school. Jean likes to be outdoors and to participate in all types of sports.

Rita's hobbies are sewing, skating, swimming and music. She has taken piano lessons for five years, has an intermediate badge in swimming and sings with a group called the "Singing Cousins." She has also been in 4H for three years. Rita is 16 and enjoys being with her friends.

Bonnie originally comes from Edmonton, but has been living in Legal for three years. Her hobbies are drawing, writing, sports and taking bagpipe lessons. In school she enjoys working for the student's union and on the class yearbook. After graduation she would like to continue her education at NAIT. Bonnie is seventeen.

With the Sturgeon Valley fastball schedule not quite half over, Grandin Esso coach Mike Hempel feels like two seasons have just passed. Grandin have yet to win a game in eight starts, but coach Hempel feels his young club will be in contention next year.

## Leo Nickerson staff honors volunteers

The staff of Leo Nickerson elementary school honored members of their library volunteer program Friday morning, June 25 at the school.

Lowell Thronson, principal of the school, presented each lady with an engraved teaspot, a token of thanks for the work done during the year by these ladies. Through their contribution to the library program as a whole, the work of the volunteers has been of great benefit to both the staff and students of the school.

The young man stopped flirting with the pretty girl at the bank when he found out she was a teller.

Those ladies honored were Lorraine Saunders, Lois Folkins, Doreen Mac- kenzie, Betty Thronson, Ann Fee, Pamela Babcock and Mary Wiersema.

# Alberta's way to lower taxes!

## revised homeowner's tax discount

The tax line. Your municipal government is fighting hard to hold it.

But, the rising costs of education and local services are placing an increasing load on you, the taxpayer.

That's why the Homeowner's Tax Discount has been changed in four important ways.

### four important changes

Now the discount has been increased by 50% to \$75.00.

Senior Citizens receiving the Guaranteed Income Supplement to the Old Age Security Pension are allowed \$150.00.

This year taxes do not have to be paid in full before you are given your discount. Simply send or take your completed "Certificate of Eligibility" to your local municipal office and have it validated. Then, the discount will be deducted from your taxes immediately!

In 1971, you must claim your discount before December 31st to qualify.

### why a tax discount?

Property taxes are paid by both industry and property owners. They are paid according to a tax rate set by your local council.

The Homeowner's Tax Discount allows your provincial government to lower taxes for homeowners without decreasing the large revenue received from industry.

### coming soon

Your application for Tax Discount accompanies your tax notice. Fill it out. It's Alberta's way to lower your taxes.

THE CLOVER BAR constituency in Lacombe Park, St. Albert, is open to the public daily, including Sundays, from 1 - 10 p.m. Fourteen attractively furnished homes are on display and two major prizes are offered to visitors.

Al Anderson, parts manager, Bob Prudhomme, manager and Wallace Ford of the service department of Canadian Co-operative Implements Ltd., Westlock depot. The depot opened its new facilities last Friday and further expansion is planned. Other well qualified staff members include Rene Riopel, Frank Edyson and Graham Ducharm.

## PC's nominate John Devereux

John Devereux will contest the Clover Bar constituency for the Progressive Conservatives in the forthcoming provincial election.

The well-known Fort Saskatchewan district farmer defeated Alex Opalinski at the nominating convention held June 23 at Ardrossan. Mr. Devereux was the 71st candidate nominated for the Conservatives, who have four nominating conventions left on a full slate of 75. The constituency is presently represented by Social Credit M.L.A. Walter Buck of Fort Saskatchewan.

The crowd of 250 gave Peter Loughheed, Conservative Leader, a standing ovation both when he was introduced, by candidate Dr. Allan Warrack of Three Hills, and at the conclusion of his address. Other PC candidates in attendance were David King of Edmonton Highlands, and Ernie Jamison of St. Albert constituency.

Both candidates were congratulated by Mr. Loughheed on "doing their homework" for two excellent addresses, mainly on farm problems and their suggestions for policy changes to improve the agriculture industry in Alberta.

Mr. Loughheed spoke of the shifting emphasis of oil and gas exploration to the far north, and the implications for all Albertans. He also stated that the Conservatives will make a vigorous

and determined fight for provincial representation on federal boards and agencies making farm policy, which

he considers essential in all areas of the agriculture industry, and particularly marketing.

## Meet the new 800 Windrower

You adjust reel height hydraulically with a foot control. Twin lift cylinders offer 27 inches of vertical adjustment. In addition, you can vary reel speed and tooth pitch, and position the reel forward or back 12 inches.

The huge, fingered pickup reel on his platform reaches under and lifts hard-to-get lodged and rank crops. Picks up reel also helps keep hay blowing evenly from collector to conditioner. Free-bal reel (on grain platform) delivers grain uniformly to decrease to shapely windows.

Deluxe cushioned seat has contoured armrests and backrest, water-proof cover, shock-absorber suspension, and is adjustable to operator's height and weight.

Streamlined 800 is built low to the ground, but doesn't sacrifice clearance. There's 30-inch main frame clearance, platform clears 27 inches.

Fully enclosed skid drive is a good example of how well the 800 is built. This is the same dependable drive as on the hydrostatic 880. This deluxe wide-joint runs drive-in, in all it's practically indestructible. Never needs greasing.

Wheel-and-lever steering plus variable speed control offer complete command, too. Maneuverability. Steering wheel gives natural steering control during cutting and grass burning. Levers engage drive, reverse, center pivot and spin turns. Variable speed lever provides working speeds from 2 to 8 mph. You can slow down for tough spots without slowing skid and dragging.
